CHOOSE A WINNING COMBINATION!

FRENCH IN NORMANDY AND THE INBP

INSTITUT NATIONAL DE LA BOULANGERIE PÂTISSERIE (French National Baking and Pastry Institute)

About FIN

Award winning language school **French in Normandy** is just a short walk from the INBP. Together we ensure that your project will be a success. Start on your future career path with us and gain that all-important B2 level. You will be in groups of ten students

maximum and you can start any Monday so that your choice of start date can coincide perfectly with your chosen date to begin your INBP training.

French in Normandy receives 2000 students from over 60 nationalities every year. We have a permanent staff of 15 highly qualified teachers and 12 well equipped classrooms. We are open all year round.

French in Normandy was awarded Best French language School 2013 by Education Stars and 2013/2014 by UED Turkey. French in Normandy is a member of IALC, International association for Quality language schools, Campus France and Groupement FLE. It is the only French language school to have won the Study Travel Magazine Awards 5 consecutive years and as such is the only Superstar French language school.

About INBP

About INBP

The French National Baking and Pastry Institute is a leading school for the Culinary Arts. Founded in 1974, the INBP is famous for the quality of its teaching and the commitment of its staff : INBP Chefs are all acknowledged professionals in their fields, dedicated to the transmission of their expertise and passion for their craft in a convivial and professional atmosphere. The INBP 40 years' experience in the teaching of the French Boulangerie and Pâtisserie is recognised as the reference among universities, colleges and culinary schools abroad.

The INBP three-storey school building of 4800 sq. m. boasts a spacious demonstration hall, 4 training bakeries, 4 pastry labs, 5 classrooms and the first documentation centre in France dedicated to the sector. The INBP specialises in career programs to prepare students to become bakers, pastry cooks or chocolate makers with an exceptionally high rate of success at the French National exams. The school also offers continuing education for professionals in bread baking, Pastries, Gâteaux, Chocolate, confectionary, sweets, ice cream, catering, etc. and invites the best Chefs in France.

Member of Campus France, the INBP receives 20 % of foreign nationals every year who hope to follow in the footsteps of France's top celebrity chefs in their chosen field. Students can be accommodated in the furnished apartments of the INBP Residence Hall just opposite the school.

Renowned the world over for its gastronomy, French culinary expertise is always in demand and students who choose the French in Normandy /INBP programs are already well on their way to future success!

A THREE STAGE PATH TO SUCCESS

This is the way your training course in France will be organised

STEP 1: French in Normandy - Rouen

French course for a minimum of 6 months in order to reach the required INBP entry level (B2) for the INBP CAP training. While you are studying with French in Normandy, you will have a specialised workshop weekly so that you learn some basic culinary vocabulary, how to follow instructions and how to take notes. You will also be taken to visit the INBP, meet the staff and see how their training courses are organised so that when you go there you will know your way around and who to ask for help.

STEP 2: INBP - Rouen

At the INBP, you can choose between three different trainings leading to the State Diploma:

- CAP Boulanger (Bread baking)
- CAP Pâtissier (Cakes, gâteaux and pastries)
- CAP Chocolatier-Confiseur (chocolate and confectionary)

Each CAP training course lasts five months in INBP. You can start the course in August or in January and take the national final exam here with us too after completing the training. We are justly proud of our very high success rate: 95-100%.

STEP 3: Internship

The INBP accompanies you in the search of the mandatory internship of 8 weeks in a French company.

To enable you to increase your technical skills while developing your command of the French language, you can choose to extend to a 20-week internship.

At the end of this period you will have gained valuable experience and have a reference to prove your ability to meet the requirements of work in the busy atmosphere of a restaurant, a pastry or bakery shop.

DATES

Next admission dates 2021:

January 07th to May 19th, 2021 + internship starting in June 2021

August 5th to December 17th, 2021 + internship starting in January 2022
