Campus Life

Making the most of your experience

Welcome to Campus Life, your dedicated IE University support hub. We are here to take care of the non-academic, extracurricular aspects of your life on campus. There are many ways we can help you on your journey. But to make it easier, we've divided it into three parts: **Discover**, **Plug in** and **Share**.

Discover how you can engage with the community! All our traditions trace their origins to dynamic students, and they would be impossible to maintain without your involvement. There are so many ways you can do this. We have over 100 different clubs and last year we held over 1,500 events with 600 speakers! What's more, if you have an idea that doesn't yet exist, we can help you make it a reality.

There's a plethora of resources available on campus—but first you have to Plug in. By getting connected, you can log in to campus groups, receive our exciting weekly newsletters, and see the wide variety of activities right at your fingertips.

Finally, at Campus Life, we want to make sure that you Share and give back to the community at large. The IE University community is like a family, and you are an integral member. You will gain so much, but to continue forming new traditions, clubs and networks, your willingness to give back is crucial. Put simply, as you grow with us, we hope to grow with you.

By discovering, plugging in and sharing from day one, you can make the most of your time at IE University. Not only will you kick-start your personal and professional network and be able to explore your passions—it can also open doors to fantastic career-boosting opportunities.
