So far I have really enjoyed my stay in Murcia. I think the people here are very welcoming to international students and I enjoy the atmosphere of the city. Regarding my Master's in High Performance Sport, I have great expectations for the year. I think the professors are top class and I look forward to gaining all the knowledge I can.

Anton Matinlauri - Finland

Master's in High Performance Sport: Strength and Conditioning

I have always wanted to study tourism in Spain but my concern was the language, so when I found a Master's course at UCAM taught in English, I felt it was perfect for me. We are continuously receiving the latest, up-to-date knowledge about trends in the tourism sector, and the enthusiasm and expertise of UCAM's professors further confirms that I made the right choice of university.
