# Student life

Home to more than 60,000 students and a lively cultural scene, the city of Utrecht feels both intimate and exciting. From canals and parks to international restaurants, cinemas, bars and boutiques, you'll find a dynamic atmosphere here, with lots to explore. The city is also very safe and clean – just like the rest of the Netherlands. [uu.nl/bachelors/studentlife](https://uu.nl/bachelors/studentlife)

## Paul-Moritz Elle Germany

Philosophy, Politics  
and Economics

“The Bachelor of Philosophy, Politics and Economics (PPE) including History at the renowned Utrecht University is

an excellent opportunity for me to strengthen and expand my existing abilities, knowledge and interests while being part of a great multicultural environment, and eventually work in a profession where I could build bridges between humans. Especially through the special personal, interactive and open communication with the teachers and among the students, I have rapidly improved not only my written and analytical, but also my socio-intercultural skills. Moreover, it is always a pleasure to listen to the teachers' research stories, as they offer interesting but also amusing insights. Initially, the interdisciplinary approach of the PPE was slightly challenging. However, through this multidisciplinary approach I have acquired a more critical thinking and a deeper understanding of current issues in the world, including their interdependencies, as I can now analyze, interpret and assess them from a variety of perspectives. For example, the interesting guest speaker events or conferences offered by the PPE community, but also Utrecht University are always a highlight!”
