

Located in Germany's Engineering hub Karlsruhe

Strong industry network

Year 3

Career Guidance

Career Guidance offers support for the perfect application with career workshops or CV assistance and many more.

Specialization

Global Production Management

Automotive Engineering

Energy Engineering

Graduation

Congratulations on your bright future ahead! Explore your options in the industry or continue with a Master's program

The Student Association of the International Department (SAID) acts as the connection between students, the university and staff.

SmartScience @KIT
A research-oriented 3-month project offering the opportunity to gain first-hand experience in exploring engineering-scientific research topics.

SmartFactory @Industry
Hands-on industry training to enhance the practical as well as theoretical knowledge in the field of smart applications and Industry 4.0.

SmartCoop @KIT
Exclusive industry training program offered in cooperation with the institutes of the KIT Department of Mechanical Engineering.

Smart Projects

An integral part of the CBS College Program experience that combines theoretical knowledge with practical experience.

Year 2

Mentoring

A gentle start to academic life with a personal mentor in a confidential environment helps the students to successfully navigate their studies from day one.

Join the CBS College Program in Mechanical Engineering (International)

B.Sc. Thesis

To conclude their journey, students write their Bachelor's Thesis with a KIT institute.

German Language Courses

The Carl Benz School offers optional German language courses from levels A1 to C1 as a part of the curriculum to open doors to the German job market.

Alumni Networking

The strong global network of CBS alumni offers students the unique opportunity to get in touch with the industry.

Year 1

Academic Support

Students are connected with KIT lecturers, allowing for more guided support in their academic development from experienced professionals.

Administrative Support

CBS College Program participants gain access to the CBS Student Office as a central point for day-to-day administrative needs.

> 80% international students

Pre-Semester

The Pre-semester is an eight-week course to prepare students for their future studies.

Team Building

Starting with excursions, weekend trips and leisure activities, the students get to know each other before the orientation days begin.

Study Counseling

The Study Guidance Program strives to provide and shape profound knowledge for the academic, professional and personal development.
