01

A place for Envisioners

The visionary school of design research and experience which support next-generation to be system game-changers and leaders of the world of tomorrow. Domus Academy encourages young talents to use imagination and creativity as a way to shape the world and create transformational change.

02

Cross-knowledge Profiles

Provide students with long lasting curriculum. Since its origins Domus Academy has focused its pedagogical approach not only on vertical knowledge but also on horizontal skillset and contamination with different areas of knowledges.

03

Real International Environment

An open international and collaborative environment where talents can work with faculty and companies on future based concepts through disruptive and cross-disciplinary design approaches. All courses are in English. Italian and International faculty.

04

Unique Experience and Career Opportunities

Learning methodology based on multiple pedagogical activities: lectures, cross-disciplinary workshops, laboratories, projects, bootcamps and external visits. Possibility to customise your study plan. Connections and presentations with Companies, Studio and Professionals which are intensively involved. Masterclasses and Talk Series with famous and emerging designers and with Alumni. Highest certified placement rate.

05

Iconic Postgraduate Design School in the Design Capital

Highly ranked Postgraduate Design School offering full range of Postgraduate courses (Italian and International accreditation). Recognised as one of the most iconic School by other international Institutions and Partners. Based in Milan, the world's capital of fashion and design.

Domus Academy was founded in Milan in 1982 as one of the first postgraduate design schools in Italy and as an open project revolving around the experience of Italian design and fashion.

Over the years, it has established itself as a school in the full sense of the term: a place for advanced training and a research laboratory on the themes of innovation and design.

Domus Academy's vision is to support next-generation designers to be system-game changers and leaders.

It is a visionary school of design research and experience, an open and collaborative environment to work on future-based projects. Following a peculiar learning methodology based on a range of varied pedagogical activities, Domus Academy supports talents in developing the mindset to find creative solutions in future scenarios and become rounded design professionals.

1-Year Academic Master

The Master's Programmes are workshop based, supplemented with seminars, lectures and fieldwork. Industry professionals and teaching staff guide students via individual coaching and mentorship.

Graduates from **Domus Academy Master's Programmes** earn an Academic Master's Degree (60 ECTS) accredited by the Italian Ministry for University and Research (MUR), in addition to a Domus Academy Diploma.

International Double Award Master

The Double Award Master's Programme path enables students to obtain both an **Academic Master's Degree** (60 ECTS) validated by the Italian Ministry for University and Research (MUR) and a **Master of Arts Degree** (90 ECTS) with an international UK validation issued by Regent's University London.

2-Year Master of Arts

During the **2-Year Master of Arts** students deepen their mastery of multidisciplinary design approaches over a longer curriculum. They work in a hybrid "phygital" environment, employing tools like Artificial Intelligence, algorithms, Web 3.0, and 3D printing to reshape the creative process. They learn to interact across a variety of audiences developing horizontal skillsets and lateral thinking abilities as requested by the latest market trends.

Upon completion of programme, they receive a Master of Arts Degree (120 ECTS) accredited by the Italian Ministry for University and Research (MUR), in addition to a Domus Academy Diploma.

Learning Methodology

Domus Academy encourages students to work in a cross-disciplinary way and apply the school's learning by designing methodology. Classroom theory is combined with workshop practices made possible by partnerships with several Italian and international leading companies. During the Master's Programmes, students are challenged by different workshops giving them the chance to discover market needs, address them with real-life projects and interact with prestigious professionals who will initiate them into the skills and secrets of their future professions.

Industry-leading Faculty

Central to the success of the Domus Academy approach are its **professors**: capable educators who are also highly talented **designers**. Some of our present and past collaborators include: Fernando Alberti, AKQA, Roberta Antonioli, Matteo Augello, Andrea Banfi, Marina Baracs, Barreca & La Varra, Luca Barcellona, Giampietro Baudo (L'Officiel Italia), Sara Bellani, Yulya Besplemmenova, Nick Bewick (AMD L Circle), Julie Blitzer, Cristiano Bottino (Studio FM), Maddalena Casadei, Matilde Cassani, Ildo Damiano, Manfredo Di Robilant, Antonio Di Domenico, Federica Fracapane, Ganko Architects, Nima Gazestani, Niko Koronis, Ece Özdil, and many others.

Milan

Design is part of the **fabric of Milan**. From the city's fashion tradition to its new role as a start-up hub, Milan is home to a thriving commercial design industry and a globally facing **creative culture**. Life in Milan moves at a relentless pace, in fact it is hard to remain unmoved or detached from all the cultural, social and business activities afoot. It follows that there is no better place to pursue a design education.

Online Preparatory Programme + in presence Master

Semester Courses

Advanced Courses

Short Courses

Career Service and Industry Relations

The Domus Academy Preparatory Programme is an 8-week long series of **intensive online courses** which allows students to improve their knowledge and prepare for the challenging interdisciplinary approach of the Master's Degree Programmes.

The Semester Courses are specifically thought for those who want to widen their knowledge and deepen their design studies in few weeks.

A journey that leads students to join selected theoretical courses with professionals, active learning sessions and workshops working in **international** and **cross-disciplinary** teams and taking advantage of many networking occasions.

Domus Academy Advanced Courses are **high-standard programmes**. Each course consists of an approx 16-week journey leading students to deepen their knowledge through forward-thinking and futures oriented approaches and methodologies. The courses include theoretical, active learning sessions and workshops in collaboration with international and cross-disciplinary professionals and teammates.

Once the 24 CFA/ECTS have been obtained, students can enter the corresponding Master's programme.

Summer Courses

Intensive short courses, aiming at offering to the most talented students and promising international designers the opportunity to experience the Domus Academy learning methodology.

The workshop structure, made of lectures, visits, case histories held by professionals in the field, as well as practical training, enables students to invest their time into an intensive **experience**, an "open mind" deepening into those design issues that will help students in their last years of an undergraduate programme, postgraduate students and recent graduates to build a sensitive professional soul on a solid, strategic design basis.

Tailored & On Demand Courses

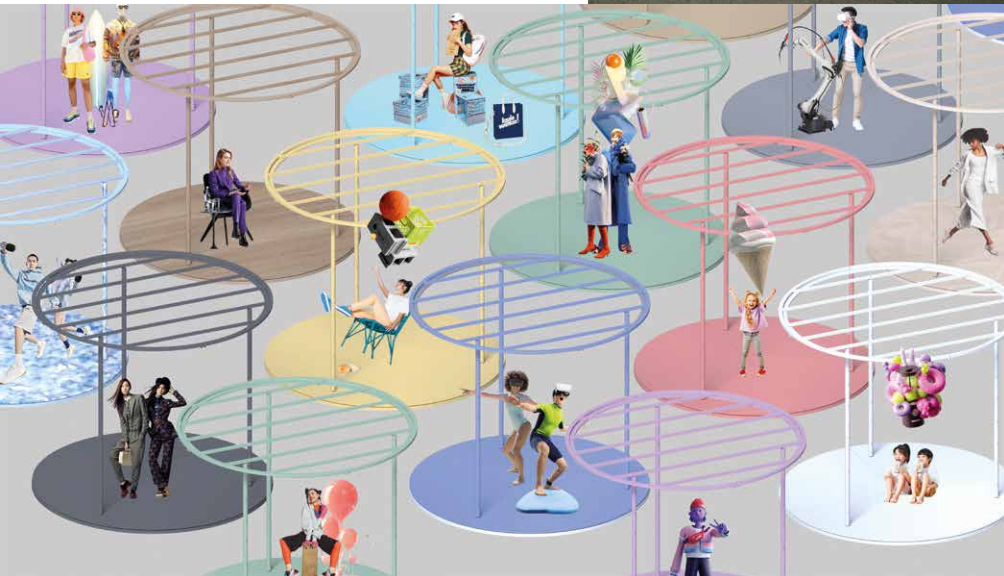

Short courses, with a learning by doing approach, for companies, students and institutions who wish to enhance their own study and work path with a highly constructive experience.

Through career guidance, advice and trainings, the Career Service Office assists students in setting their **professional goals**, assessing their personal strengths and creative skills, and identifying the best **professional experience opportunity**. Domus Academy has established an **extensive network** of connections and relationships with many of the most prestigious companies and studios.
