

# The Bettermakers

**We're united by the idea of saving our future with real actions. Welcome to HAMK, you're here to make a change.**

**Häme University of Applied Sciences (HAMK) is a learning and research community of people driven to make a positive impact on the world.**

We are a team of approximately 10,000 people shaping the future of bioeconomy, health, education, business, design, and technology. Our presence spans across seven campuses, online, and internationally. We provide exceptional tools and environments to our students, staff, and partners to work and collaborate together to accomplish useful actions.
