CREATED IN 1907, ESSEC
BUSINESS SCHOOL IS A
WORLD-SCHOOL WITH
FRENCH ROOTS. ITS PURPOSE
IS TO INFUSE TOMORROW'S
LEADERSHIP WITH MEANING.

ESSEC is a **business school** with programs ranging from Bachelor to PhD, a wide range of Masters programs including our flagship **Master in Management** and **Global MBA** programs. ESSEC also offers executive education and custom training designed and developed on-demand for our partners from the private sector. ESSEC holds the **“Triple crown”** of accreditations for global business education: **EQUIS, AACSB** and **AMBA**.

At the core of the ESSEC learning experience is a combination of **excellence and distinctiveness**. ESSEC's **unique educational model** is based on education by experiences, that foster the acquisition of **cutting-edge knowledge** with the development of **know-how** and **life skills**. At ESSEC, we aim to **empower** students and give them the keys to imagine, create, lead and have a **positive impact** in the business world of tomorrow that will be more complex and changing ever more rapidly.

ESSEC is a world-school. Our International campuses in **Asia-Pacific** and **Africa** are **dual gateways** that allow students to really immerse themselves into **different cultures** worldwide and develop **genuine expertise** about business in those regions. They allow our school to build deeper alliances with academic, private and public partners in those regions that are growing at an accelerated pace and will be leaders of economic growth in tomorrow's world. ESSEC has built a network of alliances with **academic partners worldwide** so that its students' learning journey is a true international one.

ESSEC is a school with **French Roots** that trains **responsible leaders**. Being a responsible leader means being able to see beyond *business as usual*. Responsible leaders are able to value **long-term benefits** over short-term profits; they are able to blend corporate performance with **employees' well-being**. To prepare its students for the world of tomorrow, ESSEC's pedagogy seeks to awaken and develop **creative and critical thinking**, together with **the learning-by-doing** method. Responsible leaders are those who can see the broader picture.

ESSEC is a **full ecosystem** at the crossroad of rigorous and relevant research, innovation, business and society. At ESSEC we believe in bringing research and companies into the classroom, we also believe that learning doesn't end with a degree: learning at ESSEC means becoming a **life-long learner** and joining a close-knit **community of alumni** with over **71,000 members** all across the globe. 🇫🇷

10-16 MONTHS OF PROFESSIONAL EXPERIENCE

■ 3-month internship "operational experience"

During the summer of their first year, students are immersed in a company for a three-month internship. They tend to complete assignments in the fields of international client relations, financial control and operational marketing.

■ 1-month internship "Field Experience"

Students undertake a one-month internship in a social or educational environment during the summer of their second year.

■ 6-month "Managerial internship" or 1-year apprenticeship

In the final part of their studies, students complete either a six-month managerial internship or embark on an apprenticeship. This allows them to carry out a function with greater responsibilities and aims to help them define their career plan.

Internships take place worldwide, and students find them easily via the extensive ESSEC Business School network.

INNOVATIVE MIX OF ACADEMIC EXCELLENCE, INTERNATIONAL EXPOSURE AND HANDS-ON PROFESSIONAL EXPERIENCE DIVIDED IN 2 CYCLES

The first cycle (years 1 and 2) is dedicated to acquiring the foundations in management. If you would like to start in France, Singapore or Morocco, ESSEC makes it possible!

Whether campus students start the program on, they complete the first cycle with professional experiences including a three-month operational internship and a one-month Field Experience.

ACADEMIC EXCELLENCE

iMAGINATIONWEEK

TRANSITION FROM THE FIRST TO THE SECOND CYCLE

During the first 2 years, students will have already lived valuable academic, international and professional experiences. The 3rd year is the beginning of a new phase where students are encouraged to make their own decisions, define future steps and face new challenges.

iMaginationWeek helps students ease into this new stage of the program by looking at past experiences and how these transform and make them grow as a person. Your time before joining the school as well as your time in the program whether it is in France, Singapore or Morocco plus internships have all contributed to your personality and objectives.

iMaginationWeek focuses on imagination, creativity and transdisciplinarity. It aims to accompany you in making a change and to put your experiences to use in terms of both know-how and life skills.

PEDAGOGICAL APPROACH FOCUSED ON LEARNING BY DOING

The program relies on a wide range of teaching methods including lectures, case study analysis, personal development seminars, in-class exercises as well as hands-on experience.

A SUPPORTIVE AND INVOLVED FACULTY FROM ACROSS THE GLOBE

The three assets that best characterize ESSEC Business School's faculty are academic excellence, a global frame of mind and original and outstanding teaching.

ESSEC's reputation is grounded in the expertise of its dedicated faculty members. Representing some 30 nationalities, ESSEC professors hail from some of the world's most prestigious institutions and publish their cutting edge research in the world's best international academic journals.

Language courses are offered by native speakers.

In addition to ESSEC's faculty, the program also calls upon visiting professors and industry professionals who bring their business expertise to the class.

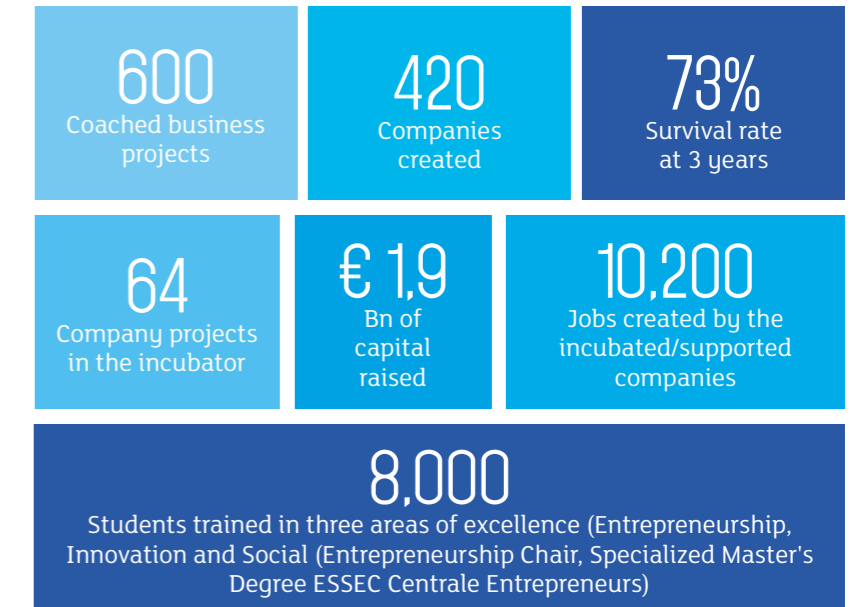

RECOGNIZING EXCEPTIONAL IDEAS AND TALENTS

CENTER FOR ENTREPRENEURSHIP AND INNOVATION

Since its creation, ESSEC has always cultivated a spirit of entrepreneurship and innovation, which lies at the very core of its educational approach, research, and managerial practices. At ESSEC, we believe that everyone can be an entrepreneur, and that entrepreneurial experiences encourage a capacity to find solutions to tomorrow's problems and to adapt to the changes and challenges which we all face.

Our ambition is to ensure that each ESSEC graduate views uncertainty as a call to action.

STUDENTS AND ALUMNI JOURNEYS

“I remember my first day clearly when I met colleagues from all over the world: Korea, India, China, the United States, Armenia...the list goes on. I am French-American, and we have been on an intense, exponential learning curve not only because of our diverse backgrounds but our mutual support to succeed. They are three characteristics that would best describe my first year at ESSEC: diversity, novelty, and evolution.”

Aela,
