TAMK

**– Tampere University
of Applied Sciences**

TAMK

– Tampere University of Applied Sciences

10 000 students – of which 1 100 are international
Central location about 1.5 h away from capital Helsinki
Strong emphasis on **student support and guidance**

TOP reasons to choose TAMK

- TAMK **the most attractive university of applied sciences** outside capital region **)
- **Tampere the most attractive city in Finland** for the 4th time running *)
- **Large student population** with 3 big universities, hundreds of events annually!
- **Excellent** and constantly updated lab, simulation and **learning environments** on campus.
- **HUBS** – your **pathway to entrepreneurship** through courses and clinics.
- Good **opportunities for part-time work** once you learn some Finnish
- TAMK offers social counselling to international students, strong emphasis on **supporting students in managing their study/work/life balance**.

*) 2nd most popular in Finland overall

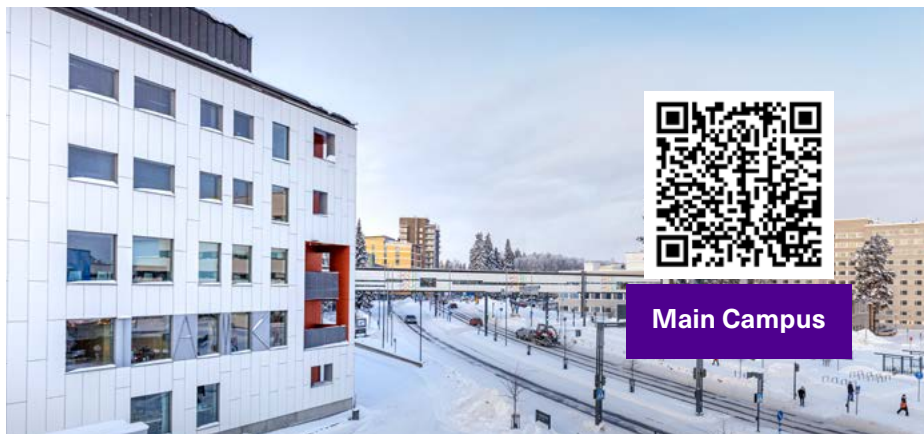

**) survey among Finns about willingness to move

Bachelor's degree

2 years
(24 months) of
work experience

Master's degree

Notable!

Our mid-career Master's degrees require minimum 2 years (24 months) of documented relevant work experience after completing Bachelor's to be eligible to apply. Submitted document must be an identifiable work certificate given after employment, so contracts or appointment letters cannot be considered.

Master's degrees have a scope of **60 to 90 ECTS credits**, which gives a duration of **1 - 1.5 years**.

Tuition fee (non-EU/EEA)

12 000 €/academic year (1 August – 31 July)

Scholarships

Year 1: Early Bird 20 % discounted Year 1 fee (full payment by 31 May)

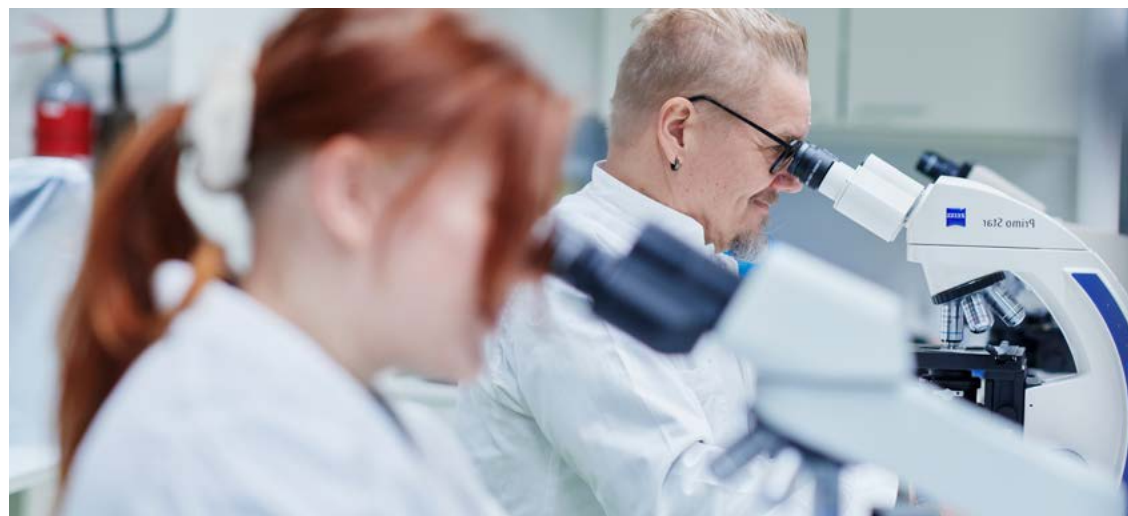

Final term: Academic Award based on study credit accumulation

- 45 cr complete = 25% scholarship waiver for final term
- 60 cr complete = 50% scholarship waiver for final term

Living costs

- Minimum required for immigration 9 600 €/year (recommended 12 000 €)
- Work alongside studies – max 30 h/week
